Build A Fulfilling Career in Your Ideal Industry

22128VIC CERTIFICATE I IN WORK EDUCATION

The Certificate I in Work Education is designed for learners with a long term health condition or with special needs which impact on learning. This program empowers learners to find the most appropriate vocational pathway. Learners are supported as they navigate the work environment with key employment-related knowledge and skills to find and build a fulfilling career.

WHAT'S THE COURSE ABOUT?
This course focuses on an orientation to work options and a pathway to further specific vocational education and training such as pre-apprenticeship courses. The purpose of this course is to enable learners with a disability/disabilities or with significant evidence of a disability which impact on their learning to improve their employability and work readiness in a supported environment.

Vocational Tasters and Work Experience Placements
- Vocational Tasters allows learners to gain an understanding and knowledge of an industry. Learners are then able to make a more informed choice of vocational and career paths/options.
- Work Experience Placements allows learners to gain first hand experience of working within industries that are relevant to interest and skill level.

Outcomes
Educational outcomes include entry to open employment and pathways access to other vocational training opportunities. Some examples include:
- Pre apprenticeships
- Apprenticeships/Traineeships

CAREER OPPORTUNITIES
This pathway course will help learners reach career goals, giving learners the confidence to pursue further study, or enter the workforce.

PRE-REQUISITES
- There are no limitations to entry based on age, gender, social or educational background
- Participants in the 22128VIC Certificate I in Work Education course will have been identified as having a disability or disabilities
